Other news:

As previously outlined, the AC Champion of Champions event (including the McBride and Thorogood events) will be run on 19 and 20 September 2009. We will be awarding the usual winners and runners-up prizes with the trophies but wanted to let you know there'll also be prizes for *Leading Players* at each division level. So, for example, if your Club Champion is in Div 3 and outperforms all other champions ranked at that level, he or she will collect a prize regardless of overall position in the competition.

After further consideration and consultation we have decided to change the advertised eligibility criteria for the new WACA Novice AC 14 Point Singles event. To simplify things and to encourage participation, any player having an association croquet handicap of 18 or over will now be eligible. There are no further restrictions. Might be just the chance you've been waiting for....

We now have event statistics on the website so you can see how entries for this season are tracking against last season. Take a look – it's interesting to see how things are going.

Happy to hear from you on anything related to match subcommittee activities.
