Calendar changes:

There are no further changes to our current Calendar but please refer to the events section of our web site for a complete and up to date calendar as that at your club may be out of date.

Other news:

We are currently working on the 2009/2010 Calendar and have requested your club provide details of club events to be included in the 2009/2010 season. We also sought feedback on what you considered to be the best and worst aspects of last year's calendar.

We will be putting it all together at our meeting later this month. After that meeting, we will be contact clubs to request hosting of WACA events as well as confirming scheduling and details of club events. It looks like being another action packed year. We'd love to hear from you if you'd like your say on the coming calendar. Just email on croquetwest2004@yahoo.com.au or susanwharton@bigpond.com.

We now have event statistics on the website so you can see how entries for this season are tracking against last season. Take a look – it's interesting to see how things are going. So far this season, we have had 166 entries to AC events which is 45 up on last year and 145 entries for GC event, 10 up on last year. For full details, see the event section of our web site.

Happy to hear from you on anything related to match subcommittee activities.
